Visual Inspection of Stormwater Discharge Report

At least once each calendar year, the routine inspection shall be conducted during a period when stormwater discharge is occurring (utilize this form and the ***Routine Facility Inspection Report*** for that inspection). Collect a stormwater discharge sample and conduct a visual assessment. Select a sampling location that will yield a sample that is most representative of site conditions.

Facility Name or Address:_____

Date:_____ **Time:**_____

Discharge is result of (select one): Rain Event **Outfall Location:** _____

Is outfall clean of debris (leaves, trash, etc)? Yes If no, describe:_____

_____

Observations of Discharge Water		**Additional Comments**
